Skin Care That Gets Talked About

Our treatments go beyond the basics—combining science-backed products like HistoLab and HydraFacial tech for real results. Whether you're tackling dullness, breakouts, or just need a serious refresh, we've got a strategy—not just a cream—for that. No fluff. No filters. Just better skin.

Express Barber Facial

Duration: 20 minutes

Price: \$25

A quick, revitalizing facial performed right in the barber chair. Includes gentle cleansing, steam, and application of a HistoLab mask suited to your skin type. For a radiant boost during your Barber appointment. Ideal for lunch break refresh or even before a night out.

Radiance Booster Facial

Duration: 25 minutes

Price: \$35

Combines deep cleansing with HistoLab's Lightening Cream Mask to brighten and even out skin tone. Finished with red light therapy to enhance absorption and stimulate collagen production.

Hydration Infusion Facial

Duration: 60 minutes

Price: \$75

Targets dehydrated skin using HistoLab's Aqua Science line, including the Moisture Cream Mask followed by the Peppermint Cool plus modeling mask and finishing with 62% Hyaluron Complex Ampoule, to deeply hydrate. Red light therapy is incorporated to maximize moisture retention and skin rejuvenation.

Active Peels

Duration: 40 minutes

Price: \$55

A customizable facial combining **Triangle PA**—a gentle, glow-inducing peel—with either **AHA** or **BHA Aqua Peeling Solution**, depending on your skin's needs. Finished with a calming mask and red or blue LED light therapy.

- **Triangle PA:** A low-irritation peel with PHA that removes dead skin cells while hydrating. Delivers immediate glow and smoother texture.
- **AHA Solution:** Lactic and glycolic acids exfoliate while plant stem cell extracts hydrate and soothe—ideal for dry or dull skin.
- **BHA Solution:** Oil-soluble acids clear pores and control sebum, perfect for oily or acne-prone skin. Helps reduce blackheads and improve texture.

Clarifying Acne Facial

Duration:60 minutes

Price: \$65

Utilizes HistoLab's Acnex Science products to cleanse, exfoliate, and calm inflammation in acne-prone skin. Includes the Sebum Catch Mask and Blue light therapy to reduce bacteria and prevent future breakouts.

Anti-Aging Renewal Facial

Duration:75 minutes

Price: \$95

Targets dehydrated skin using HistoLab's Age Science line, including the Moisture Cream mask, followed by the Gold Plus Modeling Mask and finishing with the 63% Essential Growth Factor Ampoule to deeply hydrate. Red light therapy is incorporated to maximize moisture retention and skin rejuvenation.
